

1. TITLE OF THE CERTIFICATE (DE) ⁽¹⁾**Reife- und Diplomprüfungszeugnis der Höheren Lehranstalt für Mechatronik - Ausbildungsschwerpunkt Automatisierung**⁽¹⁾ in original language2. TRANSLATED TITLE OF THE CERTIFICATE (EN) ⁽¹⁾**Reifeprüfung-Certificate and VET-Diploma - College of Mechatronics Specialising in Automation**⁽¹⁾ This translation has no legal status.

3. PROFILE OF SKILLS AND COMPETENCES

- knowledge of machine technological and electronic sub assemblies
- planning, production, operation and maintenance of computer-controlled products including the accompanying hardware and software
- knowledge of components and electronic sub-assemblies, of subject relevant materials, procedures as well as product and systems development
- application of principles of construction, dimensioning and design specific to the individual industry
- subject-relevant CAD-applications
- knowledge of the theoretical and practical principles of mechatronics, electronics measurement and control systems, computer and operational technologies, as well as production engineering, and their links with computer-controlled products, robotics and production automation plus operational procedures with special consideration to quality and production management
- construction, dimensioning, design and production of automation technological kinds of equipment and sub assemblies, combining electronics, mechanics and hydraulics
- substantive knowledge of the subject areas of mechanics, automation, measurement and control systems, sensors, actors as well as process computing technologies
- production of devices and systems for electronic measurement, mechanics, automation as well as process and information data processing
- employment of the principles of marketing, staff guidance, negotiation skills, contracting and financing
- oral and written communication on business-relevant subjects in the mother tongue and one foreign language

4. RANGE OF OCCUPATIONS ACCESSIBLE TO THE HOLDER OF THE CERTIFICATE ⁽¹⁾**Range of occupations:**

Employment in fields of activities with a high degree of responsibility as an employee or entrepreneur in various branches of mechatronics

Pursuit of regulated professions on a self-employed basis (see also www.gewerbeordnung.at):

With relevant professional experience: office communication engineer, electronics engineer, electrical machinery engineer

After passing a test of suitability: technical office, radio and video electronics engineer

⁽¹⁾ in applicable.**(*) Explanatory note**

This document is designed to provide additional information about the specified certificate and does not have any legal status in itself. The format of the description is based on the following texts: Council Resolution 93/C 49/01 of 3 December 1992 on the transparency of qualifications, Council Resolution 96/C 224/04 of 15 July 1996 on the transparency of vocational training certificates, and Recommendation 2001/614/EC of the European Parliament and of the Council of 10 July 2001 on mobility within the Community for students, persons undergoing training, volunteers, teachers and trainers. More information on transparency is available at: <http://europass.cedefop.eu.int/> or <http://www.europass.at>

5. OFFICIAL BASIS OF THE CERTIFICATE

<p>Name and status of the body awarding the certificate Educational institution recognised by the State of Austria, address see certificate</p>	<p>Name and status of the national/regional authority providing accreditation/recognition of the certificate Federal Ministry of Education, Science and Research</p>
<p>Level of the certificate (national or international) EQF/NQF 5 ISCED 55</p>	<p>Grading scale / Pass requirements 1 = excellent (excellent performance) 2 = good (good performance throughout) 3 = satisfactory (balanced performance) 4 = sufficient (performance meeting minimum pass levels) 5 = not sufficient (performance not meeting minimum pass levels) In addition, the overall performance at the final exam (Reife- and diploma exam) is rated as follows: Pass with distinction, Good pass, Pass, Fail</p>
<p>Access to next level of education/training Access to all courses of study at universities, academies and at Fachhochschulen (university level study programme of at least 3 years duration with vocational-technical orientation). The holder of the certificate might get credits at Fachhochschul-programmes if the course taken is similar in content to the topic areas covered by the certificate.</p>	<p>International agreements</p> <ul style="list-style-type: none"> ▪ European Convention on the Equivalence of Diplomas leading to Admission to Universities, BGBl. Nr. 44/1957 ▪ Convention on the Recognition of Qualifications concerning Higher Education in the European Region, Section IV, BGBl. III Nr. 71/1999 ▪ Training completed with this certificate is a regulated education and training programme in accordance with Article 11, point (c) (ii) of Directive 2005/36/EC on the recognition of professional qualifications, as last amended by Directive 2013/55/EU. The level of training corresponds to point (c) of Article 11 of the Directive.
<p>Legal basis National curriculum, BGBl. (Federal Law Gazette) II Number (No.) 302/97 in the version of BGBl. II No. 382/98 in accordance with BGBl. II No. 283/2003 Regulation on Examinations BMHS, Federal Law Gazette II no. 177/2012 current version</p>	

6. OFFICIALLY RECOGNISED WAYS OF ACQUIRING THE CERTIFICATE

1. Training and education as defined by the National Curriculum for Colleges of Mechatronics
2. External certification as defined in BGBl. (Federal Law Gazette) II No. 362/1979 current version.

Additional information:

Entry requirements: successful completion of school year 8, if necessary entrance examination

Duration of education: 5 years

Duration of compulsory work placement: 8 weeks in total

Education objectives: a five-year intensive vocational education in subjects of general knowledge and of the specific area of study. Mediation of thought processes and of attitudes towards work and decision making, enabling the holder of this certificate to pursue a highly qualified career or carry on a business in trade and industry, as well as to be admitted to university. Additional important objectives are: personal development, the ability to be professionally mobile and flexible, creativity, analytical capability, social commitment, communicative competence, especially concerning the professional area, in the mother tongue as well as in the foreign language.

Subjects include: The subjects taught are listed on the school leaving (examination) certificate.

More information (including a description of the national qualification system) is available at: <http://www.certificate.at> or at <http://www.edusystem.at> or at <http://www.bmbwf.gv.at>
